

Pappas Autohaus, Corporate Headquarters, Salzburg
Architects: Kada Wittfeld, Aachen

Mercedes Benz Georg Pappas
Innsbrucker Bundesstrasse 111
Salzburg
Austria

Completed in: 2006
Products:
open up, open mind

In the consulting centre and at the office workstations, open up and open mind rotating office chairs were used. Photos: © Gerhard Hagen

Pappas, one of the largest car dealerships in Austria, constructed an architectural statement which is rather unusual for the industry. The center of competence with the Alps in the background has an exhibition area of 3000 m², as well as workshops and numerous offices. The intention was that the architecture by Kada Wittfeld should reflect the dynamism and movement of the automobile.
